**Attachments:** City of Akron Questions and Responses from CH2M\_05282020.docx

Hi Mary Beth – One of CH2M's action items was to respond to the City of Akron's questions/comments they provided within the note/action items from the pre-design workshop. The attached file includes our responses to the questions. We've probably discussed these responses on phone calls which City of Akron participated in, but to close the loop we suggest sending them our written responses. Please review the responses and let us know if you want anything revised before sending on to CoA.

Cheers!

Bill
